

Dear Member Countries,

IJRU is determined to promote our sport and also to use the potential of sport for the betterment of our community. It is imperative that our sport deliberately builds a strategy and plan of action to cultivate and develop the youth of our sport. Natively, our sport appeals to youth. However, without intentional action from our member and stakeholders, individuals may choose additional sports and/or no sport at all. IJRU establishes the Youth Development Commission (YDC) in an effort to explore how we attract youth to our sport and safely matriculate them through our sport. Our youth are the 'base' of the jump rope/ rope skipping community that must grow if wish grow. IJRU board of directors has approved the establishment of a YDC Charter. This commission is tasked with the growth strategy of our youth and to bring our sport to the youth of the world.

In order for IJRU to achieve success, we need the help and support of our members and the entire global jump rope/rope skipping community. We invite you to apply to become a member of this commission via the attached application. All roles and responsibilities of the commission are outlined attached YDC Charter.
